INTERNEDGE

INTROSPECT & SELF ACTUALIZE

Through internships/ projects use your skill sets to introspect and identify the areas one might want to work on and forge a prospective career in. Also learn the art of field filtration as you are able to strike out fields and careers that are simply not for you.

STRATEGIZE & STAND OUT

Depict hands on involvement and completed project work within your chosen major, prove to be college and career ready.

Learn to stand out in the midst of thousands of applicants who all have near-perfect GPAs and elite-level test scores.

PRESENTING START-UP AND EXPERIENTIAL LEARNING PROJECTS FOR HIGH SCHOOL STUDENTS

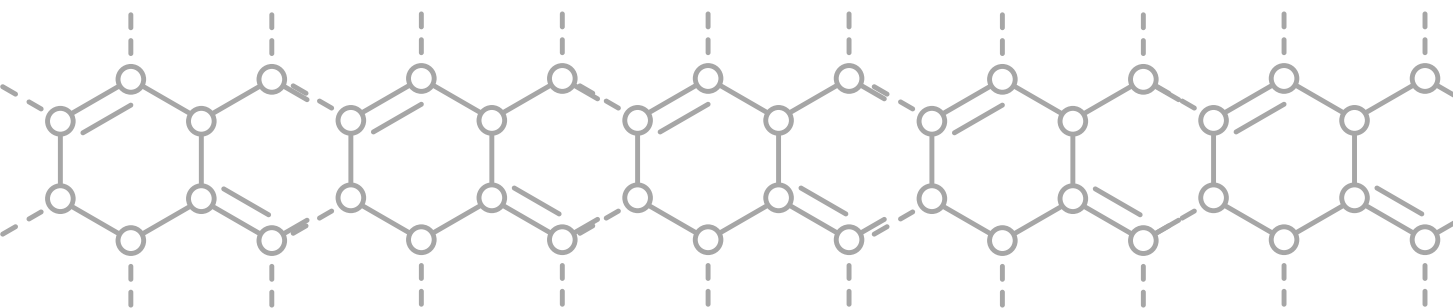

WHY DO INTERNSHIPS/ PROJECTS IN HIGH SCHOOL?

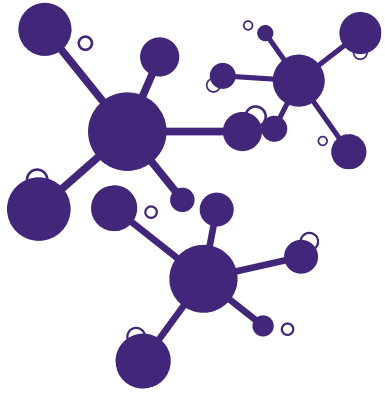

ADVANTAGE IN COLLEGE ADMISSIONS

By way of a passion project/ internship, show the college that you know what you want to do! This certainly will help create a compelling and credible profile, significantly increasing the chances of getting admitted to your dream school. A themed resume that contains solid engagement in a selected major puts forth an advantage in the college admissions process.

WHAT FIELDS YOU CAN WORK ON?

-  **Biotechnology**
-  **Computer Science**
-  **Digital Marketing**
-  **Economics**
